An old woman is on the way to her home and she is carrying a large number of groceries(生活用品). Suddenly a monkey 1 and takes the groceries and runs away.

Where does this happen? This happens in Hong Kong.

Hong Kong is a big city 2 a big problem—monkeys. About 700 monkeys live in the forests near Hong Kong and they usually come to the city to eat their meals.

The monkeys take bags of groceries from old women, take bread from babies, go into flats 3 open windows and take fruit from kitchen tables. In some flats the monkeys find cans of beer. They open the pop-top cans and drink the beer.

The people of Hong Kong don't want the monkeys in their city. They say, "The forest is a good place 4 monkeys." But the monkeys don't want to go back because there is no bread in the forest, and there is no beer, 5.

So, every day the monkeys come into the city. How can people stop them? Nobody knows!
